

Issaquah School District

565 NW Holly Street

Issaquah, WA 98027

Issaquah School District
Integrated Pest Management
Pre-Notification Form

Valid 9/1/11 through 8/31/12

On rare occasions, the District uses chemicals to control weeds and insects, and those occasions are usually during times when school is not in session. *Treated areas are clearly marked* if pesticides/herbicides are used during school sessions.

If you need to know ahead of time that chemicals will be used at your school, please complete the information below and send the completed form to **Keith Simmonds, Director of Facilities Services, 16430 SE May Valley Rd, Renton, WA 98059**. If you have questions about this notification process or the District's IPM program, please call Keith Simmonds, (425) 837-5069.

Issaquah School District Asbestos Notification

As required by the EPA, Issaquah School District No. 411 is notifying you that asbestos building materials are present in some buildings. The District has taken steps to provide for safety of students, staff, and parents related to such materials. Asbestos building materials are safe when they are maintained in a stable condition. The District's asbestos management program has been in place since 1988 and consists of surveillance, inspections, response actions, records, and training for maintenance and custodial staff. For a copy of the plan or for more information, **call Keith Simmonds, Director of Facilities Services, at (425) 837-5069.**
