

## Welcome to the Issaquah School District

The State of Washington requires all students to be immunized before attending school. Exemptions for medical reasons require a physician's signature. A personal or religious exemption requires the signature of a parent/guardian. Schedule a meeting with your school nurse if you are requesting an exemption form. Your student **MAY** register for class but **MAY NOT** attend school until all immunization requirements are met or your child has a scheduled appointment to receive the needed immunizations.

Please complete, sign and date the Certificate of Immunization form (CIS form).

If you **do not** have a copy of your student's immunization record, you may request a copy of the record from your physician or your student's previous school or from the CHILD Profile Immunization Registry.

Once the Certificate of Immunization form is received at school and found to be complete, your student may attend school.

Below please find locations available for immunizations:
