

Use of Peanuts in Elementary Kitchens

Nutrition Services

The Nutrition Services Department makes every effort to eliminate food products that identify peanuts as an ingredient on their labels. However, some products used in elementary kitchens *do* contain labels indicating that peanuts were processed in the same facility or on the same equipment.

Every elementary kitchen in the Issaquah School District abides by this practice:
Apollo Elementary, Briarwood Elementary, Cascade Ridge Elementary, Challenger Elementary ,
Clark Elementary, Cougar Ridge Elementary, Creekside Elementary, Discovery Elementary,
Endeavour Elementary, Grand Ridge Elementary, Issaquah Valley Elementary, Maple Hills
Elementary, Newcastle Elementary, Sunny Hills Elementary, and Sunset Elementary

Secondary Schools:

The Issaquah School District does serve some products in our Secondary schools that contain peanut butter and peanuts listed as ingredients including, but not limited to: Peanut butter and jelly sandwiches, “Un crustables” peanut butter and jelly sandwiches, peanut butter cookies, etc.
