

**Discretionary Programs**

The board of directors recognizes that development and implementation of special programs, activities, services, or practices can promote the education of the district's students or promote the effective, efficient, or safe management and operation of the district. In accordance with RCW 28A.320.015, as now or hereafter amended, the board approves the development and implementation or the continuation of the following programs, activities, services, or practices as promoting the education of the district students or the effective, efficient, or safe management and operation of the district:

- A. The Full Day Kindergarten Program,
- B. The School Age Care Program, and
- C. Elementary and Secondary Magnet Programs.
