

INTER-DISTRICT TRANSFERS-RESIDENT STUDENTS

A student who resides within the boundaries of the Issaquah School District shall be released to attend school in another district when any one of the following circumstances apply:

- A. A financial, educational, safety, or health condition affecting the student would likely be reasonably improved as a result of the transfer; or
- B. Attendance at the school in the nonresident district is more accessible to the parent's place of work or to the location of child care; or
- C. There is a special hardship or detrimental condition.

Resident students who meet one of the above listed conditions shall be released by the Issaquah School District when a nonresident district agrees to accept the student.

In all cases in which a resident student is released, the student or the student's parent(s) shall be solely responsible for transportation.

If the request is denied, the superintendent/designee shall notify the parent of the right to appeal such decision to the superintendent of public instruction.

Resident parents/legal guardians shall be informed of inter-district enrollment options annually. The district shall make available for public inspection the Superintendent of Public Instruction's annual information booklet on enrollment options.
