Policy #3141 states that all non-resident students must reapply for admission for each school year and will be accepted by the district based upon the same conditions as for other non-resident students applying to the district for the first time. Continuing attendance for non-resident students is not assured and may be refused by the district for reasons of district over-enrollment, excessive absences, academic non-performance or disruptive behavior on the part of the student. Once admitted, a non-resident student may remain in the district for the full academic year, unless attendance, academic performance or citizenship is unsatisfactory. WIAA participation regulations make students who transfer out of district ineligible to participate in varsity athletics for one year following enrollment in the new district. District policy requires an Issaquah resident student who has been enrolled outside of the district and who returns to the district to wait one year to be eligible to participate in varsity athletics.
