

Immunization Noncompliance Order of Emergency Expulsion from School

_____ *Date*

To the Parent/Guardian of _____
Student's name

You are hereby notified that your child (named above) is prohibited from attending school until you establish that she/he is in compliance with Washington State immunization law, RCW 28A.210.120. Your child's emergency expulsion from school is effective immediately upon your receipt of this notice. In order for your child to continue attending school, you must submit a complete Certificate of Immunization Status (CIS) form (copy attached) that establishes any one of the following:

- 1. That your child has received the required doses of vaccine,
OR
- 2. That your child has initiated a schedule of immunization,
OR
- 3. That you claim an exemption for your child from immunization requirements for a medical religious and/or personal reason.

You are further advised that you have the right to appeal or contest the decision to exclude your child from school. To appeal this decision, you must provide the designated school district employee with a written or oral request for a hearing no later than the tenth school business day following the date of your receipt of this notice. If you request a hearing, the only issues to be decided will be whether your child meets legal immunization requirements or has been exempted at your request for one of the above-stated reasons.

For a list of the type and number of vaccines required by Washington State law please see the enclosed list. Vaccines required to immunize your child may be obtained from your doctor, or at a public or private health clinic. A list is attached which provides you with the names, addresses and phone numbers of local public health clinics. Please call the school for additional information and assistance.

Sincerely,

Nurse
