

Disposition of Historically Significant Artifacts

The district believes it to be in the best interest of students and community members to share significant school related artifacts of historical interest. Such items may include, but are not limited to furniture, equipment, decorative items, and documents. It is the intent of the district to meet the needs of the community and the school district by making possible the long-term loan of such items for the purpose of active display.

This policy will be implemented by the superintendent or designee. Implementation will be in compliance with all legal requirements.
