

Goals

The employees of Issaquah School district constitute a valuable and significant resource for an effective educational program. The district recognizes the importance of personal, occupational and professional satisfaction which encourages each staff member to make their fullest contribution to the educational process. Issaquah School District will continuously expend effort to make the best possible match between employee and position; to provide opportunities for staff development; and to maintain the best possible working conditions within available resources.

Adopted September 24, 1987
