

Revenues from the Federal Government - 6100

The objective of the board is to provide the best educational services possible within resources available to the district. Federal grants and programs may provide helpful financial resources towards pursuing that objective. When it is optional for the district to participate in a federally funded program, the board shall receive detailed analysis from the staff regarding both the advantages to be realized from the program and the additional costs in terms of staff time, impact on existing programs and new obligations that the program may require. Before authorizing participation in such a program, the board shall first determine that the advantages outweigh the disadvantages and that the program shall not detract from other programs already in operation.

The board agrees to comply with all federal and state requirements that may be a condition to receipt of federal funds including, but not limited to:

- A. maintenance of fiscal records which show the receipt and disposition of federal funds;
- B. provision for eligible private school students to participate in programs and/or services designed for the educationally disadvantaged as well as other programs which are supported by ECIA funds;
- C. provision for testing to identify target students as well as to measure program results; and
- D. provision for staff and parent involvement, program planning, budget development and program evaluation.

The district agrees to comply with Chapter 1 requirements pertaining to the implementation of internal controls for travel, contracted services, training, and capital outlay purchases and expenditures.

The district further assures that a district-wide salary schedule is in effect and that the staff are assigned equitably among schools. Instructional material shall also be distributed equitably among all schools. The board grants authority to directors and staff to participate in the development of any state and/or federal regulations deemed to be necessary for the implementation of federally-funded programs.
