Fines to Cover the Repair Of District Issued Laptops

All district issued laptops will be assessed for damage over the summer. You will be contacted if your student will incur a fee for the repair. Students who qualify for free and reduced-price meals are eligible to have this fee waived, however parental consent to release free and reduced lunch eligibility is required.

Providing consent with this form

https://www.issaquah.wednet.edu/docs/beaverlakems/our-school/laptop-repair-for-families.pdf is optional and does not affect eligibility for free and reduced-price meals.

You must sign the form to give consent for your child(ren)’s free and reduced-price lunch eligibility to be shared with the District’s technology department if you would like to have any assessed fee waived.

Only the designated administrator in the technology department will receive or use this information, solely for establishing eligibility and waiving laptop repair charges.
