

Thinking Habits

Metacognition	Thinking about thinking
Thinking Flexibly	Creating and seeking multiple approaches
Persisting	Sticking to a task, not giving up easily
Questioning	Asking questions before, during, and after reading or experiencing an event
Creating, Innovating	Generating novel, original, or clever products, solutions and techniques
Listening with Empathy	Listening to others and seeking to understand their perspectives
Taking Responsible Risks	Trying something new, considering the possible impact on self and others before acting
Reflecting	Thinking about past actions in order to plan for the future
