

Students (grades K-12) and staff in the Issaquah School District are provided an Office365 account to communicate, complete assignments, and facilitate their school work. The O365 account is a cloud-based dashboard giving students access to Word, Excel, Sway, PowerPoint, Teams, OneNote, Outlook and more. Students may access these tools through a web browser or via a mobile app.

**From the dashboard, students may also download the full desktop version of some of the Microsoft programs noted above. Office 365 for home** use is available free of charge for all Issaquah School District staff and students grades K-12. With Office 365, students and staff are able to access the latest version of Word, Excel, PowerPoint, OneNote, and much more on **personal computers** and download on up to five personal devices (e.g.: laptops, desktops, phones, tablets, etc.)

To access Office365:

1. Visit Microsoft's online portal: [www.office.com](http://www.office.com)
2. Log in using their district issued email address (eg: SmitJon20@issaquah.wednet.edu) and their school network password
3. Choose Work or School Account when given the choice.

From the Office365 account students and staff may download and install Microsoft Office onto a home computer or mobile device with parent permission.

We are excited to support learning and growth through these powerful tools and encourage you to try them out. If you are having problems with your password please email [isd365passwordhelp@issaquah.wednet.edu](mailto:isd365passwordhelp@issaquah.wednet.edu) for assistance.

Please be aware that anytime you install software there is a risk that your computer will run slower or there could be more serious consequences such as needing to do complete re-installation of the OS and software. You would be wise to back up your computer completely. Please read through the following before proceeding.

Employees understand and agree that if you download, install, transmit, or display Office 365 to your own personal device under the acceptable use terms of the Staff Advantage Terms and Conditions, you do so at your own discretion and risk and that you will be solely responsible for any damage to your device, and all costs associated therein, and or property or loss of data that results. The Issaquah School District shall not provide any support for Office 365 on an employee's personal devices and shall not pay for nor reimburse an employee for any costs associated with hardware failures as a result of downloading, installing, transmitting, or displaying Office 365 on an employee's personal device.
