Students will understand and develop their personal gifts and strengths.

**Interpretation:**

- We interpret *students* to mean current students in our educational system.
- We interpret *understand* to mean that students will identify/recognize their personal gifts and strengths.
- We interpret *develop* to mean that students will demonstrate their personal gifts and strengths over time.
- We interpret *personal gifts* to mean the things that students are naturally good at—“talents.”
- We interpret *strengths* to mean the things that students like to do—“interests.”

**Reasonable progress:** We have confidence that students are meeting the targets of E-5 when they navigate our K-12 educational program and are exposed to and participate in extra- and co-curricular activities. Evidence of students’ development in the areas of creativity and innovation is demonstrated through increased opportunities to engage in higher level thinking skills. In addition, the report will provide evidence of student participation in physical, intellectual and/or artistic modes, and opportunities for them to express themselves, pursue personal passion, and create a vision for life. The ability to explore a wide variety of elective classes may be dependent on a student’s post-secondary plan.

Students will:

**5.1 identify personal passions and create a vision for life;**

- We interpret “identify” to mean recognize and/or discover.
- We interpret “personal passions” to mean things that students care deeply about and are willing to spend time working towards.
- We interpret “create a vision for life” to mean setting goals and developing an appropriate plan (e.g. articulation at Senior Exit Interviews)

**Evidence:**

- Proficiency: Graduation rate- Percentage of students (at minimum) who have successfully met these graduation requirements.
- Requirements: Students must meet promotion and graduation requirements at the elementary, middle and high school levels.
- Career Cruising and High School and Beyond Plan
- Fidelity: Students must demonstrate knowledge, application, and proficiency in order to pass all classes; we supervise teachers to ensure fidelity.
• Articulation at Senior Exit Interview as a portion of the High School and Beyond Plan

• High School and Beyond Plan (HSBP) Grades 8-12

• Class of 2021 8th Grade Career Crusing Activity Sheet

5.2 express themselves through personal development in one or more physical, intellectual, or artistic modes;

• We interpret “express themselves through personal development” to mean practice, allocation of time, commitment to the accomplishment, and evaluating progress.

Evidence:
• Requirement: All students are exposed to academic and elective course offerings, and extra and co-curricular opportunities
• Extra and co-curricular opportunities provided through Issaquah Schools Foundation
• Extra- and Co-Curricular Opportunities and Participation: PTSA funded opportunities
• Proficiency: Graduation rate (includes elective requirements)
• Application: Healthy Youth Survey – Participation in co-curricular activity
• Additional opportunities for students to pursue personal development through creation of informed self-select in Middle School math, science, and humanities Middle School Math Curriculum, Middle School Science Paths, Middle School Language Arts Selection Form Spring 2016

Creation of Middle School Independent Health/PE to open student schedules Independent Health and PE (8)
• Students consider learning recommendations when choosing courses course offerings.
• Senior and 8th Grade Exit Survey Results.
Ends 5: Personal Awareness and Expression

- Senior Exit Survey questions, 8th Grade Exit Survey question and 5th Grade Exit Survey questions
- Balanced Literacy Approach with Guided Reading, and Readers’ and Writers’ Workshops in our elementary schools provides leveled reading choice for students.

5.3 be able to create and innovate to develop higher-level thinking skills.

- We interpret “create and innovate” to mean apply specific thinking skills strategies and demonstrate thinking habits.
- We interpret “higher level thinking skills” to mean “Thinking Habits and Skills” as identified on the ISD charts posted in all schools and classrooms.

Evidence:
- Alignment: Specific State Standards around higher level thinking skills are embedded in all courses that align with E-5.3
- Requirements: Students must meet graduation and promotion requirements at elementary, middle, and high school levels.
- ISD Thinking Habits and Skills are emphasized across the K-12 system.
- Proficiency: Graduation rate - Percentage of students (at minimum) who have successfully met these graduation requirements.
- Fidelity: Students must demonstrate knowledge, application, and proficiency in order to pass academic and elective classes.
- Middle School Common Reading Assessment was based on higher level thinking skills as applied to reading.
- **2015-16 Middle School Common Reading Assessments, 6th Grade**
  - **2015-16 Middle School Common Reading Assessments, 8th Grade**

- Elementary Reading and Writing Curriculum provides an opportunity for student choice of reading material and writing topics/genres.
