

EDUCATIONAL PROGRAMS AND OPERATIONS LEVIES = LOCAL SUPPORT FOR OUR KIDS

DID YOU
KNOW?

A levy is the only locally approved ballot measure that directly pays for classroom and educational needs in our local schools that the state can't meet!

When our community approves local measures, those funds stay in our District and help OUR kids.

In the Issaquah School District, about **\$45 million dollars** of our total operating budget comes from locally-approved levies and pays for important programs such as:
