Elementary Grading Information for Parents: Exceptional Learner

The term “exceptional learner” is defined to include students who are English learners, those who have disabilities (IEP or 504), and those needing/receiving intensive instruction on any critical skill.

The district report card for an exceptional learner will be prepared by the student’s general education teacher with input from the special education teacher. The IEP progress report will be prepared by the special education teacher and sent home at the same time as the general education report card.

An “M” designation on the report card signifies that a modified expectation for the standard was used for a student in a particular area and will accompany the numeric notation on the report card.

- FOR BEHAVIORS that PROMOTE LEARNING – For any student who requires modified expectations in the areas of behavior or social emotional learning the following should apply:
 - An “M” will be used on the report card in the “Behaviors that Promote Learning” section of the report card to indicate that the student’s grade in this area is based on modified expectations.
 - A “C” or an “O” could be used in any area if the student exhibits behaviors that are “consistent/often similar to grade level standards.
 - If the student does not struggle in the areas of Behavior or Social the general education scoring key will be used: “C,” “O,” “S,” or “R.”
- FOR ACADEMIC PERFORMANCE AREAS – The general education teacher and any applicable intervention teacher(s) will collaborate to determine the appropriateness of using an “M” for each exceptional learner. A number will not be used with the “M” designation, but rather the associated comment will provide detail.
 - An “M” will be used to indicate that the student’s grade in this area is based on **modified expectations for the standard**
 - If using the “M” designation on the standard, the teacher will choose an associated comment from the comment bank. The general comment reads “Grade is based on modified expectations.” There are also specific comments that can be used which read “Grade based on K standard,” “Grade based on 1st grade standard,” etc.

Elementary Grading Information for Parents: English Language Learners

The district report card for a student in the ELL program will be prepared by the student’s general education teacher with input from the ELL teacher or ELL Educational Assistant. Your child may receive an ELP (English Language Proficiency) grade in content subject areas. An ELP score may be given instead of a 1 or 2. However, if your student is meeting standards, he/she will be given a 3 or 4 on their report card. An ELP grade means your student is working on their English language skills in that area and their learning is impacted by their English language development. The ELP comments explain what your child is able to do in each area.
