

ENDS 6: Life Management

Board Acceptance April 24, 2013

Students will live healthy, satisfying, and productive lives.

Interpretation:

- We interpret **students** to mean all students in our K-12 educational system and students who have recently graduated.
- We interpret **live healthy lives** to mean our students will make informed and appropriate choices regarding their physical, social and emotional condition.
- We interpret **live satisfying lives** to mean our students will demonstrate self-assurance about one's ability to accomplish his/her personal grade level goals and plan for post-secondary pursuits.
- We interpret **live productive lives** to mean students will progress through their K-12 learning experience, meeting grade level appropriate behavioral, social/emotional, and academic standards and apply those skills to their goals in life.

Reasonable progress: We have confidence that students are meeting the targets of Ends 6 when they progress through our K-12 educational system, engage themselves in the academic and co-curricular opportunities provided, and apply their acquired knowledge to make informed and healthy life choices. The monitoring report will also demonstrate that students' academic experiences prepare them for a wide range of post-secondary opportunities (of their choosing) and empower them to make informed decisions regarding their goals in life.

Limitation in E-6 Monitoring Report: Due to an administrative error, we do not have 2012 12th grade Healthy Youth Survey results for Skyline High School. Therefore, the 2012 12th grade Healthy Youth Survey data included in this report reflect Liberty High and Issaquah High responses only.

Students will:

6.1 Understand and apply principles of sound physical, mental and emotional health, nutrition, hygiene, and fitness;

We interpret 6.1 to mean students will move through the K-12 system experiencing curricular and co-curricular activities that will strengthen their understanding and application of principles of sound physical, mental and emotional health, nutrition, hygiene, and fitness.
