

ENDS: Academics and Foundations

Upon graduation, students will be academically prepared and confident to pursue higher education or specialized career training.

Students will:

- 2.1 think and solve problems using both creative and critical thinking skills;
- 2.2 read, write and speak the English language effectively for a wide range of purposes;
- 2.3 communicate effectively in oral and written form in another world language;
- 2.4 know and apply mathematics to a level of fluency that ensures a broad range of post-secondary opportunities and career choices;
- 2.5 use analytic and scientific principles to draw sound conclusions;
- 2.6 understand geography, natural resources, and their shaping effect on government, economics and social patterns;
- 2.7 understand the concept of community within the context of national and world history, comparative forms and influences of governments and major world religions;
- 2.8 apply academic skills to life situations.
