

The Graduation Requirement tab in Family access is provided for your convenience as a planning resource. If you believe there are discrepancies in the information contained in the Graduation Requirements tab or if you require official graduation status information, please contact your counselor. The following information is provided to assist you in understanding the contents of this tab.

- When the “Graduation Requirement” tab is selected, the following information will be available to assist you in planning.

- When a student is currently enrolled in a class that satisfies more than one graduation requirement (for students at IHS and SHS only), the class will not be reflected in both categories until the course has been completed.
- For students currently enrolled in courses outside of the building (Running Start, WaNIC etc...) those courses will not show up under the “In Progress” category. When the class(es) has been completed, the course(s) will be displayed in the “Complete” category. There may be a time delay from when the course was completed to when it appears in Graduation Requirements.
- For students who have an IEP or have transferred from another school, course work must be manually entered and this may cause a delay in when those courses are viewable in the Graduation Requirements tab. Please contact your counselor with any questions or discrepancies.
- Students repeating a yearlong course where only one semester was previously passed may have inaccurate information displayed in the Graduation Requirements tab. BOTH the first and second semester of that class must be passed in order to fulfill the graduation requirement.

- The following graduation requirements: NW Studies, Software Technology Proficiency, State Testing and High School and Beyond Plan will only be viewable in Educational Milestones once they have been completed; they will not be included in the Graduation Requirements tab.
