

Filling out Online Forms in Family Access

This is the process for filling out an Online Form in Family Access.

1. You must have a parent or guardian account in Family Access to check in your student. You cannot do so using a student account. If your student has more than one family, only the parent or guardian at the student's primary residence can do this process. If you have forgotten your Family Access ID and password, use the 'forgot your login\password option' to receive an email (email address of record) with your login ID and a link to reset your password.

2. If an Online Form is available to fill out, a message will appear on your Wall. Click on that link that directs you to fill out the form for your student. If you have more than one student who needs this form filled out, there will be a separate message for each student.

3. Click on the button that says View Full Screen to get a better view of the form.
