

6-12 Students Responsible Use Agreement Form 2022 F2 2020 - 2021

Student Name:

School:

Digital technologies have become necessary to the lives of children and young people, both within schools and outside schools. These technologies are powerful tools, which open up new opportunities for everyone. These technologies can stimulate discussion, promote creativity and stimulate awareness of context to promote effective learning as students apply current and emerging technologies to extend their personal abilities and productivity as they accept the challenges of life in a dynamic global environment. Young people should have an entitlement to safe internet access at all times.

This Responsible Use Agreement is intended to facilitate:

- That young people will be responsible users and stay safe while using the internet and other digital technologies for educational, personal and recreational use.
- That school systems and users are protected from accidental or deliberate misuse that could put the security of the systems and users at risk.

The school will work to provide students good access to digital technologies to enhance their learning and will, in return, expect the students to agree to be responsible users.

I understand that I must use school technology systems in a responsible way, to ensure that there is no risk to my safety or to the safety and security of the systems and other users. - I will not use the District systems or devices for on-line gaming, on-line gambling, internet shopping, file sharing, or video broadcasting (e.g. YouTube), unless I have permission of a member of staff to do so.
- I will not name or designate any District system, including programs, drives, files, networks (including Wi-Fi) or devices, in an inappropriate manner.

I will act as I expect others to act toward me and be a safe, responsible and ethical user by:

I understand that I am responsible for my actions, both in and out of school:

- I understand that the school also may have the right to take action against me if I am involved in incidents of inappropriate behavior that are covered in this agreement when I am out of school where they involve substantial disruption of the school community or interference with another student's education (examples would be cyberbullying, use of images or personal information).
- I understand that if I fail to comply with this Responsible Use Policy Agreement, I will be subject to disciplinary action. This may include loss of access to the school network / internet, detentions, suspensions, expulsion, contact with parents, and in the event of illegal activities involvement of law enforcement.
