- PTSA Representative – Lisa Reeder/Jillian Born
- Primary Parent Representative – Rohan Hutchings
- Intermediate Parent Representative – Leone Nielson
- Primary Teacher Representative – Eve Winter
- Intermediate Teacher Representative - Eve Winter

★ Site Council Mission

Site councils are established at each school to collaborate with the principal on how to advance student learning through strong-shared planning, communication and problem solving. Site Council also provides a forum for the district, principal, staff and parents to discuss concerns and events that affect student learning. Site Council's job is to enhance student learning by supporting the school's Continuous Improvement Plan and work on updating school rules and other matters that affect the learning environment at Discovery. An annual meeting calendar is established at the beginning of the year.

★ SIP (Student Improvement Plan)– Lisa Bear & Kathy Keegan

1. By May 2021 the number of students in each grade level cohort group meeting or exceeding standard on the SBA ELA will increase by 5%
2. By May 2021, the number of students receiving services in Special Education, ELL and /or former LAP students will improve by 10% growth on the SBA ELA.

The following programs support our SIP

LAP program (K-2) provides additional high quality, intensive reading instruction for students below standard in reading.

Included:

Phonemic awareness

Word attack skills

Fluency

Vocabulary

Comprehension

Written Language

ASAP Reading Program- morning instruction for 3rd graders which we had last year. ISF funded it and will do so again this year.

Lexia Licenses- purchased by the PTSA to support Kinder and 3rd thru 5th grades

I-Ready- we are piloting this program for grades 3rd thru 5th and targets where students are. Eve thought it was very helpful in assisting students to continue to improve their reading.

Dyslexia Support- District has done a lot of work to help students with dyslexia. Decodable readers assist students. Current school programs will tie into to this support.

Guided reading Groups- students meet with the teacher in small groups with other students with similar reading levels. Focuses on the phonic side of reading and having students grow at their reading level

Additional items discussed was the **Angel Networks** through the PTSA, Providence Point and Church community to help families in need. Our counselor and PBSES coach are continuing to help students and families as needed.

Traffic Management- Doug McIntyre discussed managing traffic through educating families on carpooling, riding the buses and students walking/biking to school if they live close. King County Metro is providing some funding to the City of Sammamish to educate the community.

Future Meeting Dates and Topics

Crosswalk on SE 24th St- Rohan Hutchings brought up this crosswalk and the dangers of trying to cross. Wanted to see if we can get the rapid flashers that PLMS had installed on 228th AVE. This topic will be discussed at a future meeting.

Next Meeting will be March 19 at 8:00am

★ Thank you for your partnership
