

GREEN TEAM

MR. KINKADE

kinkadeb@issaquah.wednet.edu

Green Team members are: students (& staff) passionate about discovering & protecting the environment of their local community—Maple Hills, Renton Highlands, Issaquah, & beyond. Green Team students helped Maple Hills Elementary School achieve King County's *Level 3 Green School* designation through: limiting waste, composting food scraps at lunch, recycling & upcycling plastics, & encouraging staff & supporting groups to choose alternatives to plastic, to lighten the footprint of Maple Hills on its beautiful campus & surrounding environment.

Join us for fun, team-building activities this school year that focus on environmental sustainability in our homes, learning about climate change & how we can help make a positive difference for our planet, our world, together...even in a time when we are not (yet) able to meet in person. We will plan ways to keep Maple Hills 'green' even from a distance!

WHEN: Generally, second school Tuesdays of most months (some months have two meetings; first meeting is third Tuesday): December 15th, January 12th, February 9th, March 9th & 23rd, April 13th & 20th, May 11th & 25th, and June 8th. 4:00-4:30 pm.

WHERE: On Green Team Zoom

Respectfully yours,

Mr. Kinkade

Space is limited to 25 students (3rd-5th grade) first-come, first-served. Please e-mail me the following by December 14th:

Please reach out to me with:

Student Name, grade, Classroom Teacher.

Parent/Guardian name/phone/e-mail:

Student has past Green Team experience? YES NO
