

**COLLEGE & CAREER
CENTER**

SKYLINE HIGH SCHOOL

The College & Career Center at Skyline serves as a resource to educate and empower SHS students through high school and beyond.

Students can enrich their high school experience with dual credit opportunities in their Career & Technical Education classes, attend college presentations during lunch and plan for their post high school experience. Students will complete a High School & Beyond Plan requirement each year in Career Cruising, designed to help them understand their aptitudes and abilities to the careers that match their interests. Students will learn how to complete their resume, explore career options, scholarships, apprenticeship and volunteer opportunities, and explore colleges and technical schools.

High School & Beyond Plan (graduation requirement) support for grades 9-12

College representative visits
